Minors must be selected from the same Catalog that is used for meeting major requirements.

Earning a minor in a particular subject area is a great way to complement your major area, as well as give some focus and direction in choosing your elective courses. Minors may be earned in almost every major area offered at JU. There are even some minors available in areas where no major exists; e.g., criminal justice, international studies, religion, etc. Most minors require about 15-18 hours.
