## SCHOLARLY WORK

### Books

Presidential Election in Florida 2016: Ground Zero for America's Modern Political Revolution. Spring 2019 University Press of Florida– with Michael Binder (co-editors)

Conservative Hurricane: How Jeb Bush Remade Florida. 2014. (University Press of Florida). This book explores the political factors that allowed Jeb Bush to become the most powerful governor in Florida history. This study examines Bush's impact on the policy areas of education, social policy, and administrative policy. It also examines his post-gubernatorial career. Research has received extensive coverage in numerous outlets including the New York Times, USA Today, Washington Post, and CNN among others.

American Royalty: The Bush and Clinton Families and the Danger to the American Presidency. (Palgrave Macmillan). 2008. Examines the problems with combining family legacies with the American Presidency. The book advances two main ideas. 1) Multiple presidencies in the same family violate democratic norms and go against the intentions of most of the founders. 2) Family issues and pressures negatively impact presidential policymaking. Book was featured on C-SPAN Booknotes.

Race, Religion and Economic Change in the Republican South: A Case Study of a Southern City. (University Press of Florida) 2007. Based upon survey data with over 2000 Southerners. The book examines the consequences of partisan change in the South regarding race, religion and economics. Book was nominated for the V.O Key Book Award (best book on Southern Politics)
